## NOTICED ACTION ITEMS

### IOWA COMMISSION ON AGING – February, 2017

#### Adopted Action

<b>Chapter. 15</b>	<b>Summary:</b> The amendment eliminates that mandatory reporter training provided by the department. The department created the mandatory reporter training when there was an identified gap in this service being available in Iowa. There are now seven other providers listed on the Iowa Department of Public Health website. With a significant number of providers available, it is no longer necessary for the department to provide this training.
