Family Caregiver Support

What is it like to use technology for healthcare?

Seniors, as family caregivers were provided support through web-based video conferencing, were asked the question

Would the conversation have been better in person?

RESPONSE - **93% said NO**

N = 114

Is the Internet Available?

Growth of Internet World Wide Usage

www.internetworldstats.com

	Growth of Internet Usage % of World Population	
1995	0.4%	
2000	5.0%	
2005	15.7%	
2010	28.8%	
March 2012	32.7%

Australia/ Oceanic	65.5%	214.0%
World Wide	32.7%	528.1%

Family Caregiver Support

The screenshot shows the Virtual Interactive Families web interface. At the top left is the logo for "VIRTUAL interactive FAMILIES". To the right of the logo, a message states "You have 30 minutes of visit time remaining." Further right is a banner image with the text "Keeping Families CONNECTED".

The interface is divided into several sections:

- Left Panel:** Contains a window titled "Sally's Room" with a photo of Sally Baker and an "Exit" button. Below this is a "Set/Test Visit Configuration" section with tabs for "USERS", "MEDIA", and "WAITING ROOM". Under "USERS", there is a list of participants: "Ellen" (with "STOP", "MUTE", and "PAUSE" icons), "Sally", and "Leanne" (with "VIEW", "PAUSE", and "MUTE" icons).
- Center Panel:** Features a video window for "Leanne" and a text input field with a "+" button.
- Right Panel:** Features a large video window for "Sally" and a text input field with a "SEND" button.

At the bottom of the interface, there are navigation links for "Home", "FAQ", and "Site Map".
