## Introduction

Iowa's 13 Area Agencies on Aging are responsible for tracking and reporting on services provided to aging citizens of Iowa funded through Federal and State programs. After collecting detailed information on the services provided, recipients of the services, providers of the services, and the associated costs, the Iowa Department on Aging (IDA) is responsible for filing an annual State Performance Report (SPR) with the Administration of Aging. There were a total of **62,318** unduplicated consumers reported to INAPIS during SFY2012.

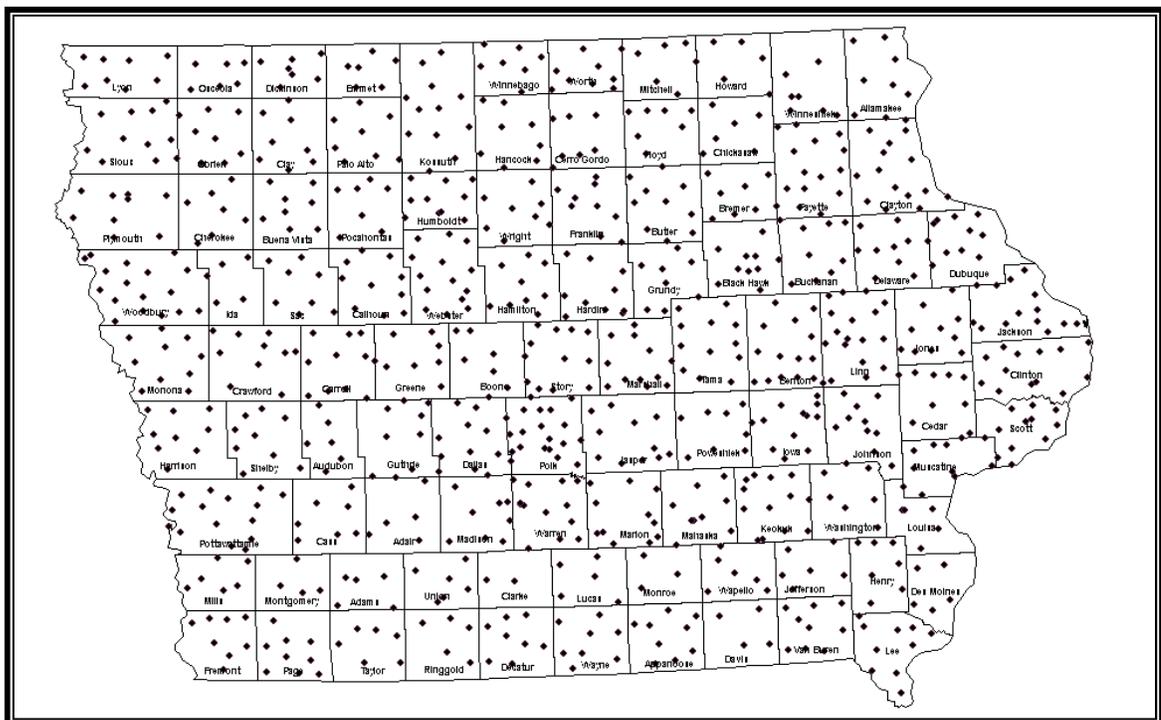

This report shows the number of older Iowans and units of service funded through Title III funding of the Older Americans Act, through the Administration on Aging (AOA), and limited state general fund dollars.

The information provided in this report is the result of hard work and dedication from the Iowa Aging Network who work as a team with IDA toward the mission:

*"To develop a comprehensive, coordinated and cost-effective system of long term living and community support services that help individuals maintain health and independence in their homes and communities".*

INAPIS data is reported to IDA from AAAs and this report represents information about consumers and services provided from July 1, 2011 through June 30, 2012. INAPIS data is dynamic and any corrections by the AAA at the local level after September 7, 2012 would not be reflected in this report.

The following definitions will assist you in using this document:

**General Aging Program:** Elderly persons that receive services/benefits from programs offered through Title III funding of the Older Americans Act, the Administration on Aging (AoA) and other funding (Federal, State, Local, etc.).

**Family Care Giver:** Persons that receive services/benefits from programs offered through the Title III-E Family Caregiver Program and other funding (Federal, State, Local, etc.).

**Consumers:** Eligible persons that receive services/benefits from programs offered through public funding (Federal, State, Local, etc.).

**Home and Community Based Services (HCBS):** The combination of all the personal services that are combined to keep an older individual in their home in their community. - Minority status, by individual minority group
- Age group
- ADL/IADL status
- Sex

IDA encourages consumer registration for all services but requires consumer registration for 9 of the 14 AOA core services that include:

- Personal Care

- Chore
- Home Delivered Meals
- Day Care/Adult Day Health
- Case Management
- Congregate Meals
- Nutrition Counseling
- Assisted Transportation

**Note:** Based on Federal Guidelines services cannot be denied to a consumer who refuses to complete a consumer registration for General Aging and Family Caregiver programs.

**Aggregate Service:** Services that do not require an INAPIS consumer registration containing a "detailed" profile of consumer characteristics and are entered as an aggregate total of consumers that received a service.

**Service Unit:** Description of how the service is delivered and recorded into the INAPIS system (i.e. hour, contact, session).

**State Population Data:** All state population data was based on July 1, 2011 Population Estimates obtained from the State Library of Iowa, State Data Center Program, 800-248-4483, <http://www.iowadatacenter.org>
