Introduction

Iowa's 13 Area Agencies on Aging are responsible for tracking and reporting on services provided to aging citizens of Iowa funded through Federal and State programs. After collecting detailed information on the services provided, recipients of the services, providers of the services, and the associated costs, the Iowa Department on Aging (IDA) is responsible for filing an annual State Performance Report (SPR) with the Administration of Aging. There were a total of **70,165** unduplicated clients reported to INAPIS during SFY2011.

This report shows the number of older Iowans and units of service by service category from Title III funding of the Older Americans Act, through the Administration on Aging (AoA), the Iowa Senior Living Trust Fund and limited state general fund dollars.

IDA hopes that this document and the information contained within can be a useful tool for making informed planning decisions. The information provided in this report is the result of hard work and dedication from the Iowa Aging Network who work as a team with IDA toward the mission: "To provide advocacy, educational, prevention and health promotion services for older Iowans, their families and caregivers".
