

Member Education and Enrollment Events

Summary: Iowa Medicaid will host a mix of in-person meetings and webinars branded as “tele-townhall meetings” in the top 16 populated cities in Iowa. These meetings will provide the public with an opportunity to receive information about the transition, ask questions directly to DHS staff, and receive in-person enrollment assistance.

The tele-townhalls will feature a short presentation for those with Internet access and also will be available via conference call. Iowa Medicaid will work with local venues such as public libraries to offer the in-person meetings and tele-townhalls free to the public, in order for a larger audience to view the presentation. These presentations will be designed to provide the public with the ability to participate in the process and address any questions the members have. Iowa Medicaid will track the questions that are asked, and use these meetings to prepare for further communications materials and planned responses.

Target Audience: Medicaid Members Transitioning to the IA Health Link Program, Family Members, Member Representatives
